Making Summer Count

By Sam Lapides, Youth Services Manager

Heights Libraries is teaming up with six other Cuyahoga County public library systems this summer to help local children and teens avoid summer learning loss, and to collect useful data about the most effective ways to do so.

Called “Make Your Summer Count,” this summer learning and research initiative is a first-time cooperative effort among Cleveland Public Library, Heights Libraries, Cuyahoga County Public Library, East Cleveland Public Library, Euclid Public Library, Shaker Heights Public Library, and Westlake Public Library.

For years, academic research has confirmed that children who participate in some kind of educational activity over the summer do much better academically when school starts up again in the fall. The kids who aren't engaged have a much harder time getting back up to speed—that's summer learning loss.

The seven libraries are participating in a 10 week summer learning program (June 1–August 7) that allows individual libraries to meet the unique needs of their individual communities while adhering to a framework that will allow research partner Baldwin Wallace University Community Research

Institute (CRI) to effectively gather and analyze data to determine whether the program is effective at preventing, or at least slowing, learning loss. CRI will gather data by interviewing children and their parents or legal guardians at three points during the program: the beginning, at the half-way point, and at the end of the program.

The data gathered will help local libraries, including ours, start making data-driven decisions about how public libraries can best help the kids in our communities, especially during those crucial summer months.

The programs are designed to inspire kids and make participation fun. My fellow Youth Summer Reading Team members, Lauren Saeger, Chris Fries, and Jessica Robinson, have created terrific programs with a superhero theme: “Every Hero has a Story” for kids K–12 years, and “Library League of Heroes” for ages 13–18. Each child will get a colorful log sheet to track their progress, a chance to participate in entertaining, superhero-themed events at all Heights Libraries branches throughout the summer, and multiple opportunities to win prizes like backpacks, books, and passes to area cultural institutions like the Great Lakes Science Center, the Children's Museum of Cleveland, the Cleveland Museum of Natural History, the Rock & Roll Hall of Fame and Museum, and the Cleveland Metroparks Zoo.

See pages 6, 7 and 10 to learn more, or visit our website, www.heightslibrary.org.

You Are Invited...

There are lots of ways to get involved: help out in the always-open Harvey & FRIENDS Bookshop at Lee Road, sort donated books, and work at the periodic booksales. See more at friendsofheightslibrary.onefireplace.com or call the FRIENDS at (216) 936-3600 x1234. We'd love to have you.
